

#### Features

Superior performance | Fiberglass radome | Strong adaptability of environment

#### Specifications

|                     |                                 |
|---------------------|---------------------------------|
| Frequency Range     | 118 - 136.975/<br>134 - 173 MHz |
| Bandwidth           | 8 MHz                           |
| Gain                | 3 dBi                           |
| Vertical Beam Width | 62 degree                       |
| VSWR                | $\leq 1.5$                      |
| Input Impedance     | 50 $\Omega$                     |
| Maximum Power       | 100 W                           |
| Length              | 120 cm                          |
| Weight              | 1 kg                            |
| Polarization        | Vertical                        |
| Connector           | SL16 or N female                |
| Rated Wind Velocity | 60 m/s                          |
